SUMMARY

Front-end web developer, Navy veteran, and ex-interior designer recently earned a certificate in full stack web development from UNC Chapel Hill. With a background in design, and newly developed skills in Javascript, CSS, HTML, and ReactJS my goal as a developer is to help create fun and interactive web layouts and user experiences. Communication and dedication are two of my biggest strengths, along with my ability to find a balance between friendliness and assertiveness. I am seeking an entry level web development role with opportunities to learn and grow as a front-end web developer.

Motivated. Creative. Teachable.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3
Frameworks/Libraries: React, Express/Node.js, Bootstrap
Databases: MySql, MongoDB+Mongoose

PROJECTS

DEBUGME
Github:https://github.com/jesseodonoghue/project-3 Deployed: https://dbugme.herokuapp.com/
- Use DEBUGME to find a mentor, make posts, and connect with other developers to figure out tough coding questions.
- My core responsibilities for this project were creating a reusable sidebar component with navigation, creating the profile form page, and front-end form validation for several pages within the project which aided in an communicative and interactive user experience.
- In this project I worked with HTML, CSS, JavaScript, ReactJS, Bootstrap and React-Bootstrap

WeatherDashboard
GitHub:github.com/ChelSEA-88/weather-dash| Deployed:chelsea-88.github.io/weather-dash/
- This weather dashboard allows you to view the weather in multiple cities added to your preferred list.
- This assignment required JavaScript functionality and front-end styling.
- This this assignment utilized, HTML, CSS, FE JS, and Bootstrap

WorkdayScheduler
GitHub:github.com/ChelSEA-88/work-day-schedule|Deployed: chelsea-88.github.io/work-day-schedule/
- Add, delete, and edit your daily plans with this simple daily work scheduler.
- This assignment required JavaScript functionality and some front-end styling.
- This this assignment utilized, HTML, CSS, FE JS, and Bootstrap

EXPERIENCE

Gas Turbine Mechanic   2007 – 2011
United States Navy   Pearl Harbor, HI
This was a high pressure role requiring tremendous effort, critical thinking, and long dedicated hours.
Key Accomplishments:
- Performed preventative and corrective maintenance on gas turbine engines on board a naval ship.
- Completed 3 tours in the Japan Sea and Arabian Gulf.
- *Extra curricular:* Solely responsible for all ads, flyers, and other creative materials for the ship's morale, welfare, and personal readiness association.

EDUCATION

Bootcamp Certificate: UNC Chapel Hill, Cary, NC
Earned/Completed: December 5, 2020

A rigorous 6 month full stack program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Bachelors of Fine Arts: The Art Institute, Virginia Beach, VA
Earned/Completed: December 2015

This degree taught me the fundamentals, principals, and history of art and design. It also required proficiency in design technology such as CAD, SketchUp, Indesign, and Illustrator.
